Neighbors Helping Neighbors

Our History

NAM was formed in 1983 by ten Covenant Congregations who agreed to set aside their theological differences and pool their resources in a manner to better serve the will of God in addressing the needs of the poor. Today, NAM is a multi-program social service agency supported by over 43 covenant congregations, 17 Service Partner organizations and over 160 business Community Partners.

Our Staff & Volunteers

NAM has approximately 80 employees and 2,000 volunteers. NAM's Meals on Wheels program alone relies on over 500 volunteer drivers each month to deliver meals to homebound seniors and disabled individuals.

Our Mission

To strive to meet basic human needs through Neighbors Helping Neighbors.

Our Vision

NAM's vision, grounded in our mission and true to our values, is a community in which Neighbors care for Neighbors through our collaborative efforts with area congregations, community partners, donors and volunteers. Resources are pooled and leveraged to meet basic needs and to help individuals regain their self-sufficiency, thereby creating a safer and more stable community for all.

Our Values

Northwest Assistance Ministries values: maintaining a strong commitment to our mission of meeting basic human needs through Neighbors helping Neighbors; fostering a spirit of respect and charity; striving for excellence in all we do; and strengthening connections with our spiritual, funding, and volunteer partnerships.

Neighbors Helping Neighbors...

TODAY, TOMORROW, AND FOR FUTURE GENERATIONS

Starting in the 2007-2008 fiscal year, NAM launched a three-part fund raising campaign to boost individual giving, to build a cash reserve, and to encourage planned gifts for the NAM Endowment.

NEIGHBORS... TODAY

THE ANNUAL FUND

The Annual Fund is unrestricted and is used where it is needed most. Any surplus in the Annual Fund at the end of a fiscal year is transferred into the cash reserve. The Annual Fund boosts NAM's annual operating revenues and helps the organization meet current, urgent community needs through its programs and services.

NEIGHBORS... TOMORROW

THE EMERGENCY PREPAREDNESS FUND

In a recent capacity mapping study conducted by the Zip Code Assistance Ministries Collaborative, NAM received exemplary ratings. The study recommended that NAM establish a minimum three-month cash reserve to provide a cushion in times of emergency. Our three-month goal is a start; the long term goal is to fund a six to twelve month reserve. The Emergency Preparedness Fund is a "rainy day fund" that helps NAM serve the community when it needs our help the most, such as during natural disasters and economic downturns.

NEIGHBORS... FOR FUTURE GENERATIONS

THE ENDOWMENT FUND

The mission of NAM's Endowment Fund is to ensure the future services of NAM by providing a permanent source of income from endowed funds. The goal of the Endowment Fund is to enhance the financial stability of NAM and to provide financial security for the future. Annual distributions from the Endowment Fund go toward the maintenance of NAM's building. Future distributions may also help pay down the building note or cover capital expenses.

Northwest Assistance Ministries Consolidated Statement of Activities - Budget Comparison For the Twelve Months Ended Sept. 30, 2009 - Unaudited

	Year to Date		
	Actual	Budget	Variance
Proceeds

Chairman, Executive Board

Dear Friends,

The 2008-2009 fiscal year was a very challenging one for our nation, our community and for NAM. The recession has brought many people to our doors who have never had to ask for help before. In fact, requests for NAM services increased by over 30%! At the same time, revenues were down by about 10%. NAM has always been one of the most efficient and cost-effective charities in town, but this year our resources were stretched to the limit. Despite these challenges, NAM served a record 148,000 individuals this year, an increase of 28,000 from our prior fiscal year.

In order to meet the growing need with decreasing resources, NAM cut expenses significantly. We streamlined processes, renegotiated vendor contracts, and implemented cost savings in every department. We were able to cut our budget by 10%, to keep pace with the decrease in donations, while still serving more people than ever before.

In spite of the many obstacles faced this year, the community rallied to our side. The number of new NAM volunteers increased by 55%. Our congregations exceeded their fund raising goal for NAM. In-kind support of good and services from area businesses increased. Through even the darkest days, NAM saw the true spirit of Neighbors helping Neighbors which is our cornerstone.

Most people come to NAM because they are experiencing a crisis in their lives – unemployment, eviction, medical problems, domestic violence. NAM provides short-term assistance, but also has the long-term goal of leading people to self-sufficiency. Our four-story headquarters on Kuykendahl is truly a “one stop shop” for social services. This “one stop shop” is needed today more than ever.

NAM has been recognized time and again for the effectiveness of its program and for its cost-efficiency. We are proud to be able to say that nearly ninety cents of every dollar raised goes to direct services. NAM could not carry out its work without the community’s support, and is a good steward of the resources it receives.

The neighborly spirit that is the essence of NAM is alive and well. NAM has been there for the community for twenty-six years, and is well poised to meet the needs of our community in good times and in bad... thanks to the generous community that makes our work possible.

MAKE CHANGE

Making Change

Many Neighbors in Need come to NAM in desperate circumstances which could have been avoided with some good budgeting skills. To foster money management education for the next generation, NAM teamed up with Bank of America and Spring ISD on the Making Change project. In the 2008-2009 fiscal year, grades K-5 in all of Spring ISD’s elementary schools participated. Bank of America volunteers and NAM

staff made presentations about the importance of budgeting to the children. Then, for six weeks, students collected coins and brought them to class. Teachers helped the students budget a portion of the collection to be saved, a portion to be spent, and a portion to be shared. The portions to be saved and spent went to classroom needs. The portion to be shared was donated to NAM, to be used for the Back to School project. The Spring ISD administration donated over \$3,000 to NAM.

Team NAM

Team NAM was started by NAM volunteer Andy Chow, who wanted to combine his talent for marathon training with his passion for NAM. Andy charges a small fee for marathon training, and makes a donation to NAM for each participant. Many of the runners participate in the annual Chevron Houston Marathon and raise additional money for NAM through sponsorships.

In 2008, NAM became an official benefit charity of the Chevron Houston Marathon. Together, marathon runners and Team NAM members raised over \$20,000 for Neighbors in Need.

Public Policy

NAM's Public Policy Committee collaborates with other area organizations to stay abreast of pending legislation impacting NAM, implements programs designed to help clients advocate for themselves, generates awareness of upcoming legislation affecting NAM, advocates for NAM clients, and fosters good relationships with public officials to raise awareness of the work NAM does in the community.

In the 2008-09 fiscal year, the committee partnered with the North Houston Greenspoint Chamber of Commerce and the Northwest Houston Chamber of Commerce to visit state legislators in Austin.

Holiday Project

During the holidays, community support for Neighbors in Need is overwhelming and inspiring to see. The families NAM serves live paycheck to paycheck when they are employed, and live on the brink of homelessness when they are out of work. There is no money left over for Thanksgiving dinner or holiday gifts. Many parents face the heartbreaking dilemma of having to decide between granting their children's holiday wishes and paying the rent or keeping the heat on.

Thanks to community donations and volunteers, NAM makes the holidays brighter for needy families each year. In November and December of 2008, NAM's annual Holiday Project provided 1,163 families with holiday dinners and groceries to last several days, as well as toys and gifts for 3,351 children and teens.

The holidays truly bring out the spirit of giving that is at the heart of NAM's work.

Service Partners

Service Partners are service organizations that support NAM through volunteerism, in-kind and/or monetary donations.

Art for the Hungry

Each spring, NAM kicks off its Survival Over Summer food drive with the Art for the Hungry event at Willowbrook Mall. Area schools, businesses, churches, service organizations, clubs and other groups sign up to collect at least 1,000 food items each which are then arranged in a "can-struction" sculpture. The sculptures are displayed at the mall for two weeks, during which time shoppers can "vote" for their favorite one by making a donation in a coinbox. The food items are then delivered to NAM's Food Pantry, where they are distributed to Neighbors in Need.

Northwest Assistance Ministries' 12th annual Art for the Hungry event at Willowbrook Mall brought in more than 6,100 food items and \$4,354 in cash donations from area organizations and public contributions. The theme was "A Fairytale World."

Winner

People's Choice and Judges' Golden Can Awards:
National Charity League Cypress Creek - "Jack & the Bean Stalk"

Other Participants

Hosanna Lutheran CREW
Klein High School Latin, Art & Asian Clubs
Sam's Club
Yellow Rose - National Charity League

Back to School

A good education can make the difference between continuing the cycle of poverty and breaking free to independence. It is never too early to stress the importance of education and to equip young Neighbors in Need with the tools they need to succeed in school. NAM's annual Back to School Project provides school-aged children with school supplies and clothing in preparation for the new school year. In the 2008-2009 fiscal year, the project served 2,940 children in four school districts: Spring, Klein, Aldine and Cy Fair.

NAM's three resale shops provide clothing and furniture vouchers to "Neighbors in Need", and also great bargains for the entire community. Sales from the shops contribute almost 18%, or over \$1.7 million, of NAM's annual budget. The shops receive gently used clothing, jewelry, furniture, home décor, and more from generous community donors. Volunteers sort the donated items, price them and put them on the sales floor.

Shopping at NAM Resale is always a treasure hunt. Bargain hunters can find jeans, tee shirts, and children's clothes at amazingly low prices. Treasure hunters can unearth designer items, name brand home décor, and artwork for a fraction of their true value. Inventory changes weekly at the shops, so there is always something new to see.

Resale shopping is a wonderful, low-cost alternative to retail. NAM's stores are clean, well-lit, and well-stocked. Stop in today to see what you have been missing!

Resale Shops

Corner Resale, 15555 Kuykendahl, 1st floor
 NAM Resale, 3645 F.M. 1960 West (between Walters and T.C. Jester)
 NAM Resale, 10505 Jones Rd. (at Fallbrook)

NAM Volunteers

NAM could not carry out its mission without volunteers. Our relatively small staff of approximately 80 employees is augmented by over 2,000 volunteers! These dedicated workers do everything from serving on our board to delivering Meals on Wheels.

VOLUNTEERS WORK IN THE FOLLOWING AREAS:

- Executive Board
- Board of Trustees
- Endowment Board
- Jeans & Jewels Committee
- Food Pantry
- Assistance
- Meals on Wheels
- Holiday Project
- Back to School Project
- Making Change Project
- Survival Over Summer food drives
- Art for the Hungry
- Fifty Plus
- Helping Hands crafts group
- Administration
- Accounting

- Business Office
- Development
- Information Technology
- Greeters
- Receptionists
- Family Violence Center
- Shelter and Energy Assistance
- Children's Clinic
- Interfaith Hospitality Network
- Rotary Learning Center/Workforce Development
- Resale Shops

Volunteers are recognized throughout the year for their hard work, but especially each spring at the annual Volunteer Luncheon. The federal government assigns a dollar value to volunteer hours, and NAM's volunteers contribute more than \$1 million worth of service annually!

Shelter & Energy Assistance

Shelter and energy are, next to food, the most basic needs. When "Neighbors in Need" come to NAM, it is often because they are having trouble paying their mortgage or rent and their electric bill. Often, people in this situation are one paycheck away from homelessness.

NAM's Shelter and Energy Assistance Program (SEA) provides short-term financial assistance to help families with housing and energy costs, and also directs them toward resources that will help them better their situation. In the 2008-2009 fiscal year, the SEA program distributed \$850,000.00 in assistance to 7,566 people.

The clients who come to SEA receive so much more than a check to help make rent or keep the lights on. They also receive one-on-one counseling about money management, job skills, and affordable housing. They are referred to other programs within and outside of NAM to meet all their needs. The goal of SEA is to provide emergency help, and also to set up individuals for future success. Clients generally do not ask for help until they are on the brink of homelessness, or already there. SEA pulls them back from that brink and sets them in the direction of independence.

It will take \$1,543,925 to operate the SEA program in 2009-10. The program is primarily funded by state, county, and federal government grants.

Rotary Learning Center

Often, the most effective way of helping “Neighbors in Need” turn their lives around is through education. It is hard to compete in the job market without at least a high school diploma or GED, and more increasingly, without a college degree. Teens who drop out of school generally regret doing so when they mature into adulthood. NAM’s Rotary Learning Center gives adults a second chance to finish or enhance their education through its Adult Basic Education and GED program. Computer classes help adults hone their marketable skills, which improves their chances at increasing their earning potential.

The RLC also offers instruction in English as a Second Language and Civics, a necessity for new immigrants who want to become fluent in English and apply for citizenship. In the 2008-2009 fiscal year, the RLC provided 33,526 hours of instruction to 473 students.

NAM’s Workforce Development Center provides job search and resume assistance through a collaboration with workforce solutions.

It will take \$42,205 to operate the Rotary Learning Center and Workforce Development program in 2009-10. The program is funded by foundations, corporations, individuals, congregations, and resale store sales.

Assistance

For families struggling to make ends meet, one unexpected expense can create a crisis. The loss of a job, a medical emergency, or a costly car repair can mean the difference between getting by and becoming homeless. NAM’s Assistance Program exists to give “Neighbors in Need” a hand when they need it most.

In the 2008-2009 fiscal year, the Assistance Program served 53,752 people with emergency assistance for basic needs, including: shelter, clothing, transportation, prescription medicines, and medical referrals. This short-term assistance is designed to help people bridge difficult times, but is not a long-term solution. NAM counselors carefully evaluate each client’s circumstances to determine which resources will help that person get back on their feet. Some clients need to finish their

GED or to learn English. Others need job training or money management classes to make their earnings go farther. Because NAM is a “one stop shop” for social services, clients coming through the Assistance program can be internally referred to other programs. The result is a comprehensive approach to social services that addresses the whole person and gives them the tools needed for sustained independence.

It will take \$711,077 to operate the Assistance program in 2009-10. Funds for the program come primarily from individuals, foundations, resale store sales, and congregations.

Children's Clinic

Many of NAM's youngest "Neighbors in Need" have no medical insurance or are on Medicaid. These medically underserved children tend to forego preventative treatment and only see a doctor when they become sick. It is common for youngsters suffering from common childhood diseases to visit the emergency room, resulting in overcrowding of area hospitals and a lack of continuity of care for the patients.

NAM's Children's Clinic is a medical home for children from infancy to age eighteen. The Clinic operates on a sliding scale fee basis, but does not turn anyone away due to inability to pay. The Clinic is a teaching facility for the University of Texas Medical School, which loans NAM a pediatrician and nurse practitioner, as well as interns who rotate through the clinic. Methodist Hospital donates lab services, which translates

into a value of nearly \$500,000 annually. The result is top-notch pediatric care in a warm, caring environment.

In the 2008-2009 fiscal year, the Children's Clinic offered primary health care for children from infancy to age 18 and provided office visits, referrals, appointment calls, and case management to 8,200 children. The Clinic's annual Shot Blitz provided 2,847 immunizations to 821 children.

It will take \$1,000,000 to operate the Children's Clinic in 2009-10. Funding for the Clinic comes from fees for service, medical reimbursements, and partnerships with the UT Health Science Center and The Methodist Hospital.

Meals on Wheels

Often "Neighbors in Need" are "invisible" because they cannot leave their homes. Such neighbors are sometimes without family or friends to visit or care for them. NAM's Meals on Wheels program ensures that homebound individuals receive a hot, nutritious meal each weekday and a visit from a caring volunteer. For many Meals on Wheels recipients, this is the highlight of their day.

In the 2008-2009 fiscal year, Meals on Wheels provided 137,430 nutritious meals to an average of 550 homebound seniors and disabled individuals each weekday and 90 on Saturdays. Over 500 volunteer drivers are needed to keep the program running. These dedicated volunteers get to know their clients and can report pressing needs like needed home repairs, medical emergencies, and/or signs of abuse or neglect. In these situations, caseworkers are sent to the home to further investigate.

Meals on Wheels provides so much more than a hot lunch. The program provides reassurance and a friendly smile to those who can no longer cook for themselves.

It will take \$786,603 to operate Meals on Wheels in 2009-10. Funding for Meals on Wheels comes primarily from Interfaith Ministries, government grants and foundations.

Interfaith Hospitality Network

The most critical of our "Neighbors in Need" are those who have fallen into homelessness. The homeless families served by NAM are not the chronically homeless often seen on street corners or under bridges. Rather, they are families – generally the working poor – who suffer one economic setback that results in a downward spiral. These families may be living in their cars, with friends or family, or in cheap motels.

NAM's Interfaith Hospitality Network helps families make the transition from temporary homelessness to self-sufficiency. In the 2008-2009 fiscal year, IHN served 254 homeless adults and children, and provided counseling for substance abuse, mental health, and family issues. The families stay at NAM during the day, where parents can receive adult

education, job search assistance, and classes in money management. In the evenings, the families go to host congregations that provide dinner and an overnight stay.

Over 80% of families who spend ninety days in the IHN program find employment and housing by the time they graduate. IHN gives families who have fallen on hard times a safe place to rebuild their lives – a place where they are treated with dignity and their hope is restored.

It will take \$235,983 to operate the IHN program in 2009-10. Funding for IHN comes from foundations, corporations, individuals, congregations and resale store sales.

Family Violence Center

Sometimes, "Neighbors in Need" are in danger from those closest to them. A person's home should be a safe haven, but in cases of domestic abuse, the home becomes a prison. NAM's Family Violence Center helps victims of domestic abuse overcome their situation, whether that means separating from their violent partner, or receiving counseling that enables the family to stay together and break the cycle of violence.

In the 2008-2009 fiscal year, the Family Violence Center provided crisis intervention, support groups,

adult and children's counseling, emergency shelter, legal advocacy and education to 2,102 people. The Youth Education program provided 447 educational presentations on topics such as date rape and anger management to 12,687 students.

It will take \$617,018 to operate the Family Violence Center in 2009-10. Funding for this program primarily comes from government grants.

"Neighbors in Need" can sometimes need more than food or shelter. Many active seniors in our community have a roof over their heads and plenty to eat, yet they need an outlet for socialization and intellectual stimulation. After people retire and their children have grown up and moved away, they often feel bored and want to put their talents to use.

NAM's Fifty Plus program offers socialization, education and wellness activities and served 1,993 active seniors in the 2008-2009 fiscal year. Activities include field trips, card games, bingo, crafts, exercise classes, and dance lessons. Fifty Plus members enjoy cultural and educational activities such as trips to the symphony or the aquarium, classes on how to avoid credit scams, and entertaining lunches. Hands-on activities like bridge, bingo and Mah Jong stimulate the brain and maintain memory. Physical activity like tai chi, yoga, and ballroom dancing improve flexibility and cardiovascular health.

The Helping Hands crafts group creates a variety of one-of-a-kind items, including quilts, afghans, scarves, holiday décor, and jewelry

that are sold to the public and benefit Fifty Plus.

NAM's Fifty Plus seniors are active, involved and making a difference.

It will take \$70,941 to fund the Fifty Plus program in 2009-10. Funding for Fifty Plus comes from user fees, craft sales, foundations, corporations, individuals, congregations and resale store sales.

Fifty Plus

Food Pantry

Food is the most essential basic need, and something that most of us take for granted. It is hard to believe that there are Americans who go to sleep hungry, but the problem is more prevalent than one might think. Children and the elderly are especially vulnerable.

NAM's Food Pantry exists to ensure that no "Neighbor in Need" goes hungry. In the 2008-2009 fiscal year, the Pantry provided 36,456 people with groceries for well-balanced meals.

NAM holds food drives throughout the year to stock the Pantry, but the summer and the holiday months are the times of greatest need. In the summer, children are out of school and not

receiving free/reduced lunch. Soaring electric bills also force many families to choose between running their air conditioning or putting food on the table. The holidays are a time of bounty for many, when traditional turkey dinners are part of the celebration. For the hungry in our community, the holidays are a difficult time as they try to meet their children's expectations on shoestring budgets. No one should have to go hungry, and the Food Pantry is there to make sure food gets on the table.

It will take \$711,077 to operate the Food Pantry in 2009-10. Most food and funds for the pantry come from individuals, corporations, congregations, and service organizations.
