

MAKE CHANGE

BRING YOUR CHANGE TO MAKE A CHANGE.

Your spare pennies, nickels, dimes and quarters may not be worth much to you. But, when you and your classmates turn in your spare change together, it can add up to a lot.

The "Making Change" project helps Northwest Assistance Ministries (NAM) buy school supplies for needy kids. These are kids in your own school district, your own school, maybe your own classroom. Every year, NAM gives away school supplies to over 2,000 kids.

Within each school, the class that collects the most will also win a prize.

So, look under your sofa, in your car, and in your pockets for spare change to donate. And, start **MAKING CHANGE** today!
